Doorjack

M-DOORJACK
M-DOORJACK-XL

ERGONOMICAL APPROVED

Multifunctional handtruck, capacity 150 Kg

Ideal tool to easily transport sheet material and
To transport and hang doors on your own.
This way you can save manpower, time and money.

The Doorjack is multifunctional.
For horizontal use, it is the ideal tool for lying transport of doors by 1 person.
Once arrived on the spot, tilt the Doorjack, after which
Thanks to the leverage principle, the door is easy and fast hang and adjust

Of course you can also transport other plate material, such as for example kitchen counter tops.

The Doorjack is designed to be very Arbo-friendly.
Because you roll a heavy door Instead of lifting up, your back will be spared.

Carried out with extremely smooth-running wheels.

An indispensable tool!
